*'Follow the
rhythm of nature'*

Marleen and Dirk,
wish you a warm welcome to their
B(renne) & B(erry).

Come and share
our passion for nature
in one of the most beautiful regions in France,
the “Parc Naturel Régional de la Brenne”.

The Brenne region, extended over 494 000 acres, is situated between Châteauroux and Poitiers in the Indre department. The Brenne covers a territory north of the Creuse river, and contains over 2000 lakes, giving the region the name of ‘land of a thousand lakes’.

The splendid Etang Purais is 143 acres large, and is protected and managed by an ornithologist association. It has its own observatory and is situated close to our house. A large number of lakes, heather and hills of red sandstone are characteristics of the Brenne region. This is THE place for cyclists, riders, hikers and nature lovers!

The Brenne, one of the best kept secrets of France!

Thanks to a large variety of biotopes, nature lovers can discover about 2,300 different animal species and 1,600 different plant species.

Culture lovers will relish the abundant number of castles, abbeys and picturesque medieval villages.

For cyclists and hikers, the region offers plenty of well marked routes and quiet trails.

Lodging

Our house is a classic ‘longère’ (i.e., traditional farm house) from the 17th century, and is located in an oasis of peace.

Our guest rooms are part of a pilot ecological renovation project of the Parc Naturel Régional.

For the renovation of the house, we used natural and sustainable materials.

Brenne & Berry has 5 comfortable rooms, each with a separate entry.

Each room has a bathroom and lavatory.

Please note that all our rooms are non-smoking.

We have a family room for families with children.

There is also a room equipped for people with disabilities (wheelchair), also with bathroom and lavatory.

Every day, we will prepare a delicious breakfast and dinner for our guests.

As herbalists, healthy and tasty food is our trademark, and we pay particular attention to the use of herbs and bio fresh vegetables from our garden or purchased locally.

The accommodation is not suitable for pets.
